

K-8 REGISTRATION

Online registration begins August 17th.

We will be offering three dates to anyone who would like to come to the K-8 campus and register their student(s) on our laptops. There will be office staff present to assist. If you have a student at the high school, you may also register them during this time. Any parents of incoming kindergarteners or new students, please bring your students birth certificate to be photocopied for their file. You may also complete online registration from home if you prefer, starting August 17th.

Reminder to parents and guardians of 6th, 7th & 8th graders: In order to play Fall sports, every child must have a sports physical done within the last two years and have an emergency information form on file. These forms will be available at registration or by contacting the office at (503) 392-3194 ext.301.

Junior High Volleyball, Football and Cross Country, will start practices after school on our first day back (September 7th). Volleyball practice will be at the K-8, Cross Country will be held at the High School and Football is TBD.
